COVID UPDATE

New Government guidance is listed below:

- Children with mild symptoms such as a runny nose, sore throat, or mild cough, who are otherwise well, can continue to attend school.
- Children who are unwell and have a high temperature should stay at home and where possible avoid contact with other people. They can go back to school when they no longer have a high temperature, and they are well enough.
- If a child or young person has a positive COVID-19 test result they should try to stay at home and where possible avoid contact with other people for 3 days after the day they took the test.
- Children who live with someone who has a positive COVID-19 test result should continue to attend as normal.
