Part A: Pupil premium strategy plan

Statement of intent

You may want to include information on:

✓ ***What are your ultimate objectives for your disadvantaged pupils?***

Our ultimate objectives are:

- ✓ To narrow the attainment gap between disadvantaged and non-disadvantaged pupils.
- ✓ For all disadvantaged pupils in school to make or exceed nationally expected progress rates.
- ✓ To support our children's health and wellbeing to enable them to access learning at an appropriate level.

✓ ***How does your current pupil premium strategy plan work towards achieving those objectives?***

- ✓ Ensuring that teaching and learning opportunities meet the needs of all the pupils
- ✓ We also recognise that not all pupils who are socially disadvantaged are registered or qualify for free school meals. We reserve the right to allocate the Pupil Premium funding to support any pupil or groups of pupils the school has legitimately identified as being socially disadvantaged.
- ✓ Pupil premium funding will be allocated following a needs analysis which will identify priority classes, groups or individuals.
- ✓ Ensuring that all children are mentally and emotionally ready to learn.

✓ ***What are the key principles of your strategy plan?***

- ✓ Ensuring all teaching is good or better in all subjects thus ensuring that the quality of teaching experienced by all children is improved.
- ✓ Academic mentor- providing small group work focussed on overcoming gaps in learning
- ✓ 1-1 support – through chatty therapy.
- ✓ Additional teaching and learning opportunities provided Anchor creative education.
- ✓ All our work through the pupil premium will be aimed at accelerating progress, moving children to at least age-related expectations.
- ✓ Additional learning support within Key stage 2 classrooms.
- ✓ Support payment for activities, educational visits and residentials. Ensuring children have first-hand experiences to use in their learning in the classroom.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	❖ Speech, Language and communication needs across school
2	❖ High Percentage of SEND/Pupil Premium Pupils across the school
3	❖ Low aspirations/ low expectations
4	❖ Parental engagement
5	❖ Social, Emotional and Mental Health needs
6	❖ Mobility
7	❖ Covid gap
8	❖ Attendance and punctuality
9	❖ Financial- difficulty paying for visits, extended activities etc
10	❖ Close the attainment gap in reading, writing and mathematics.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Reading	To move closer to achieving national average in Reading by the end of Key Stage 2.
Writing	Achieve closer to national average progress scores in KS2 Writing.
Mathematics	Achieve closer to national average KS2 Mathematics progress score.
	For PP children to move closer to achieving national average in the Year 1 phonics screening check.
EYFS	For PP children to move closer the national figure for GLD.
Other	Improve attendance of disadvantaged pupils to be in line with national average (96%)

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £56,905

Activity	Evidence that supports this approach	Challenge number(s) addressed
Anchor education £8347	EEF – Arts participation (+3) Phonics (+5) For all children to have access to a specialist drama/music/spag session which develops key English skills through the arts. These skills will then be built upon by class teachers to feed into reading and writing sessions.	2, 4 and 10.
Develop the role of the TA supporting the delivery of quality first teaching within the classroom. £46, 558 including on costs (% of wages).	Research EEF- making best use of teaching assistants. EEf (+4) To use teaching assistance to enhance learning opportunities for children within the classroom. Teaching assistance will then be used to target specific children identifies by the teacher within lessons.	1, 2 and 10.
Investment in Key stage 2 reading books to encourage parental engagement and reading at home. £2000	EEF – parental engagement (+4) EEF- Homework (+6) To ensure that children have availability to a wide number of texts digitally, that can be accessed and shared at home. Phonics games to be used to build upon skills learnt in school.	2,4 and 10.

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £ 21 203

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p><i>National tutoring programme</i></p> <p>£11, 178</p>	<p>EEF (+4)</p> <p>Small group tuition is defined as one teacher or professional educator working with two to five pupils together in a group. This arrangement enables the teacher to focus exclusively on a small number of learners, usually in a separate classroom or working area. Intensive tuition in small groups is often provided to support lower attaining learners or those who are falling behind, but it can also be used as a more general strategy to ensure effective progress, or to teach challenging topics or skills.</p> <p>After analysing our data it was felt that the tutor could target children who have specific needs to achieve ARE.</p>	<p>2,7 and 10.</p>
<p><i>Speech and language therapist appointed</i></p> <p>£8100</p>	<p>(EEF information reports the importance of oral language skills).</p> <p>EEF (+6)</p> <p>Our wellcomm data indicates to use that children in EYFS and Key stage 1 have language well below age related expectations. Through running wellcomm in EYFS and then targeting children in Key Stage 1 and Key stage 2 for specialised Speech and Language programmes it is the aim that that children with specific speech difficulties have their needs met and their speech moves in line with those of their peers.</p>	<p>1,2,7 and 10.</p>
<p>Investment in Lexia Reading interventions</p> <p>£1925</p>	<p>To close the gap in reading for disadvantaged children.</p>	<p>10</p>

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £ 35 200

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Lead TA for Social and Emotional wellbeing.</p> <p>£33 000 including on costs.</p>	<p>EEF (+4)</p> <p>Social and Emotional Learning – interventions which target social and emotional learning seek to improve pupil’s interaction with others and self management of emotions, rather than focusing directly on the academic or cognitive elements of learning. SEL interventions might focus on the ways in which students work with (and alongside) their peers, teachers, family and community. These include : specialised programmes which are targeted at students with particular social or emotional needs.</p>	<p>2, 3, 4, 5 and 8</p>
<p><i>Subsidising of trips</i></p> <p>£2000</p>	<p>EEF – boosts writing skills (+9)</p> <p>To ensure that all children have access to learning experiences outside of the classroom.</p>	<p>2,9 and 10.</p>
<p><i>Targeted children to attend breakfast club at no cost to improve attendance and punctuality.</i></p> <p>£200</p>	<p>EEF (+2)</p> <p>To ensure that children are arriving at school on time and are ready to learn.</p>	<p>2,4 and 8</p>

Total budgeted cost: £ 113, 308

What was the impact of that spending on service pupil premium eligible pupils?	N/A

Further information (optional)

All pupil at Widnes Academy have access to a curriculum offer that includes a wide range of activities and experiences. This includes visits, visitors to school, participation in sporting and creative activities alongside local community events. All of this support the school's commitment to developing pupils who can contribute to wider society.

Behaviour strengths - Ofsted report Jan 2018 stated, pupils' good behaviour is impacting positively on their progress in learning.

There is little disruptive behaviour but when it is displayed it is dealt with quickly. Pupils say that they are encouraged to make the right choices.
